Old Business:

DNR - MNRTF Grant - Updates

- Christine is looking into what size and type of construction of the Trailhead building we can have, for a lesser dollar commitment on our part.
- Fencing/landscaping. No fencing has been chosen yet for the parking lot on the Keg side. We need to find out where the fencing can begin - where the set-back is.
- RFP. Christine has this, but it has not been sent out. We would like a rough draft as to what the board would like to have built.
- Lighting. There are no updates at this time.

Gravity Rail - Update

- There are no new updates at this time.

New Business:

- Handicap Swing. We Build Fun/Miracle is providing the swing, and will send the Township a bid for the installation after they inspect the area where it will be installed.
- Slides. A bid for the installation of the slides will be included with the bid for the Handicap Swing.
- Signs. Jeff and Mike have installed all the signage with the exception of two, which they will install soon.
- Brochures, These have not been completed yet.
